

Rural & Agricultural Consultants
**Foundation
Courses
2024**

BIAC - Rural & Agricultural Consultants Foundation 1 Course

Introduction to the course

The BIAC Rural & Agricultural Consultants Foundation Course is a well-established course designed and intended as a refresher course for those already in the profession, as well as for those who have recently started employment within companies who provide Rural & Agricultural Consultancy. The course allows participants to gain a fuller understanding of the industry they work in.

This course provides an opportunity to experience a cross section of the profession, along with presentations by people directly involved in the agricultural and rural sectors. This allows the individuals taking part in the Course to develop their knowledge of the industry by hearing presentations and discussion with one another.

The BIAC Rural & Agricultural Consultants Foundation Course is a residential Course and takes place over 2 days.

Training sessions will include

- Transition Into Consultancy
 - Preparing yourself for role change
- Promise, Deliver, Leave Behind
 - The art and skill of report writing and terms of engagement
- Interactions of EU Policy on agricultural business
 - The all-important agri-environment schemes, woodlands and relationships with the RPA
- The Liability of Consultancy
 - PI insurance and confirmation and demonstration of competence
- Business Planning
 - Business plans, cash flow forecasting, viability of existing/new enterprises and farm diversification
- Banking and Finance Arrangements
 - What the bank wants to see. How do banks loan, what are they looking at, when will they loan, what ratios do they work to etc.
- Tax Implications
 - The opportunities and the pitfalls of tax and VAT and capital expenditure
- Tips from Experience -
 - Guidance and practical experience
- Case Studies with breakout sessions;
 - Covering practical aspects of; Contract farming, share farming, alternative business structures for agricultural consultants

BIAC - Rural & Agricultural Consultants
